| <p>Please briefly present the partner Organization.</p> | <p>I.C. Koinè is a comprehensive public institute located in the San Rocco district of Monza, Italy, a peripheral area characterized by significant multiculturalism (19,4 % foreign population) and a medium- low socio- economic back ground. The school serves approximately 700 students across kindergarten, primary and lower secondary school level, operating a full time basis primary education. The school's core mission is to guarantee equitable and inclusive education, pursuing the goals of equality education for all.</p> <p>The institute has a strong inclusive vocation, supported by an articulated inclusion plan (PI) that address a high incidence of Special Educational needs, including disabilities, specific learning disorders (DSA) and linguistic disadvantages. Key Strengths include a focus on active learning methodologies and strong collaboration with local services and families.</p> |

| <p>What are the skills and expertise of key staff/persons involved in this application?</p> | <p><b>Inclusive and Active didactics:</b> The institute adopts active and laboratory based methodologies, project based learning, cooperative learning and real life tasks to develop the European competencies.</p> <p><b>Steam and digital skills:</b> school holds a Stem school label certification and actively integrates coding, robotics (Lego spike, blue bot, sphero) and digital tools (tablets, IWB, Chromebooks) into its curriculum to boost digital and scientific skills</p> <ul style="list-style-type: none"> <li>• <b>Internationalization:</b> As a newcomer organization in the Erasmus+ programme, IC Koinè is currently undergoing a significant process of internationalization. The school has recently submitted a KA122 application for short-term mobility, reflecting a structured institutional strategy to modernize its teaching practices. Although these are our first experiences, our staff is highly experienced in managing complex national projects (such as PNRR and PN 21-27) and local networks for social inclusion and STEM innovation. We are fully committed to bringing our local expertise in multicultural education and digital tools to the European level.</li> <li>• <b>Social &amp; Civic Engagement:</b> The school promotes active citizenship, social responsibility, and prevention of bullying. Its location in a complex urban context makes it a hub for social cohesion and educational support within the local community.</li> </ul> <p>The staff includes about 119 teachers and 23 ATA personnel, many of whom are experienced and continuously involved in professional development. Teachers participate in working groups focused on areas like digital innovation, inclusion, and evaluation. The key project team possesses skills in:</p> <ul style="list-style-type: none"> <li>• <b>Project Management:</b> Experience in coordinating and managing project phases, from planning and implementation to follow-up and dissemination.</li> <li>• <b>Didactic Innovation:</b> Expertise in inquiry-based learning, problem-solving, and using digital platforms (eTwinning, Erasmus+ platforms) to support learning outcomes</li> <li>• <b>Inclusion &amp; Intercultural Mediation:</b> Specific skills in addressing the needs of diverse learners, managing heterogeneous classes, and fostering school-family collaboration.</li> </ul> |

|                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| What are the activities and experience of the organization in the areas relevant for this project | <p>Our organization has a long-standing expertise in the field of <b>social inclusion and educational accessibility</b>. For years, we have been working directly with students with disabilities migrants, developing customized methodologies to break down social and learning barriers.</p> <p>Our core activities include:</p> <ul style="list-style-type: none"> <li>● <b>Methodological Design:</b> Developing inclusive educational pathways and personalized learning plans.</li> <li>● <b>Advocacy and Support:</b> Providing direct assistance to ensure equal opportunities within school.</li> <li>● <b>Stakeholder Engagement:</b> We act as a bridge between families, institutions, and specialists to create a cohesive inclusion ecosystem.</li> </ul> <p>While we are currently expanding our digital toolkit, our strength lies in <b>pedagogical supervision</b>. We provide the essential 'human-centred' framework required to implement tools effectively. We would like to bring the clinical and educational expertise necessary to validate and test these innovative tools</p> |
